

**SAINI**  
Empowering the nation

# INTRODUCTION

- As an eminent name SAINI Group of Companies has been in the industry since 1989, in Surat City in Gujarat.
- Headed by its Founder Late Shri. S.L. Saini, the entire business affair of the group have been looked after by the family members supported by a 200+ strong team consists of efficient and dedicated technicians.
- Our Mother concern Saini Diesel Power Pvt. Ltd. is an ISO 9001:2015 certificated Company.
- Saini India Pvt. Ltd. Mechanical Engineering Company, have been in this field for the last 15 years executing various jobs involving Mechanical Construction Jobs (Piping & Structural), Shutdown Jobs for process plants, Maintenance Jobs for process plants & Fabrication of pressure vessels.
- Company has successful track record in the field of Construction of Refineries, Shipping, Petrochemicals, Fertilizers, Steel & Metallurgical, Chemical, Oil & Gas, Power, Cryogenic and other core industries And testimony of safety record & employee skills needs no further emphasis.

## VISION

To evolve as a **sustainable** and responsible one stop solutions; To Empower Nation in the space of Power Generator & Construction Equipment's.

## Mission

- New DG Target: To supply 250 nos. DG set in across India in 19-20.

## Core values

- Customer First
- Respect
- Team work
- Integrity and Accountability

# VERTICAL ONE

HIRE POWER

# SIL– HIRE POWER

Hire/Rental  
of DG sets

Hire/Rental  
of  
Construction  
Equipment's

**HIRE  
POWER**

# SIL -HIRE POWER – DIESEL GENERATORS

SAINI is engaged in providing Diesel Generator sets on hire.

SIL is well equipped to supply Ready Power within an Hour.

We maintain Diesel Generators which range from 50 to 3000KVA.

# SIL – HIRE POWER DIESEL GENERATORS

SAINI INDIA LTD giving sound proof diesel generator sets on Hiring is well equipped to supply ready power within an hour time.

In order to supply any type of D.G. on hire

We maintain Mobile Generators which ranges from 50 to 500 KVA.

# SIL-HIRE POWER – CONSTRUCTION EQUIPMENTS

We provide material handling, Construction & heavy earthmoving Equipment on Hire like ,

- Transit Mixer
- Cranes
- Concrete Boom Placer
- Boom lift, Light tower
- Grader
- Piling rig
- Mobile concrete pump
- Excavator
- Loader

## Segments used:

General construction, Soil improvement, Road construction, transport, mining, industrial construction, and bridges and highways construction companies.

# OUR EQUIPMENTS

# VERTICAL TWO

FAB POWER

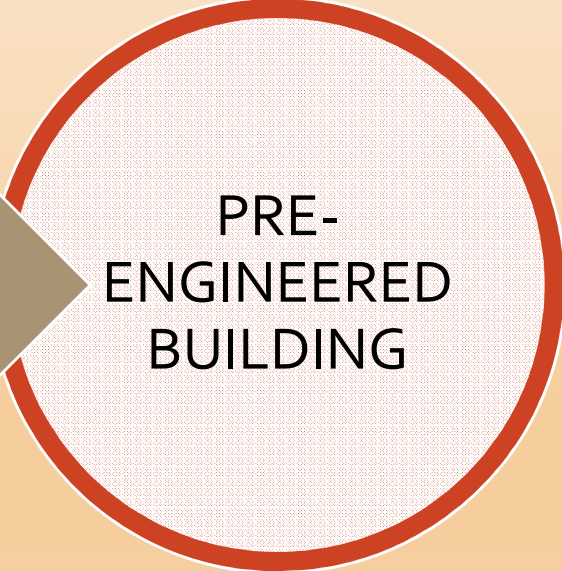

# SIL- FAB POWER

CORE DELIVERABLES

FABRICATION

PRE-  
ENGINEERED  
BUILDING

# SIL -FAB POWER

Our factory has a complete set up for fabrication including Machinery and a Well qualified skilled mechanical team.

With colossal experience in handling projects in different industries, in varied site conditions; has helped us amplify our skills in executing highly refined engineering projects in core industries like: Petrochemicals, Fertilizers, Steel & Metallurgical, Chemicals, Oil & Gas, Refineries, Power facilities.

We supply complete fabricated items with material; Like-

Ducts , all kind trolleys, Chimney etc.

# SIL- FABRICATION

## FABRICATION

Fabrication & Erection

Fabrication of heavy/medium/light structures including rolling, blending, drilling on all types of Structural sections, plates, pipe section etc. of all thickness & material grade

Erection of all fabricated structures & structural components at all elevations, performing all rigging activities including preparation of rigging plans, welding, bolting activities at field, aligning, torque, tightening & completion of all activities.

## SIL -FABRICATION– Structural Work

Prefabrication of 400 MT buildup section of beam from plate thickness 45 mm web and 25mm flanges.

Prefabrication and sub assembly of 445 MT structure from buildup section.

Erection of 445 MT sub assembly in six sections at position, total height of structure more than 65 meter by using 250 T Telescopic and 450 T Crawler Crane, performing all rigging plans, alignment, torque tightening and completion of all activities.

Erection of static and rotary equipment's of all weights at all locations and elevations performing all handling operations like loading unloading, alignment of equipment with and without piping hookup.

## SIL -FAB POWER – Erection of Piping

Fabrication of Radiography quality piping material of different thickness, grade including Carbon Steel, Carbon Steel of NACE specifications, LTCS, all grades of stainless steels nickel alloys, all grade of Aluminum, Monel, Inconel & Inconel Alloys etc.

Erection of all piping & piping components including valves, tagged items, inline equipment's, performing all rigging activities, including scaffolding preparation of rigging plants, alignments, all type of supporting, testing, box up all other associated works in all height.

Preheating posting & post weld heat treatment operations including mobilizing necessary Equipment's, consumables & measurement aids.

Dye penetrates test, magnetic particle inspection & radiographic inspection of weld joints Including mobilization of equipment & consumables.

# SIL -FAB POWER – Utility:

Pipeline Fabrication & Erection

Heavy Built up Girder Fabrication.

Heavy Rolled Section Fabrication for Crane  
Girder Walk Way.

Heavy Rolled Section Erection.

Heavy Crane Girder Erection.

Erection of Rotary Equipment

Gladding Column Erection.

Tank Fabrication.

# SIL -FAB POWER – PRE- ENGINEERED BUILDING

Space, budget and time are often constricted so are well -funded building projects.

It's no wonder that so many firms today are opting for Pre Engineered Buildings to solve their work and storage space problems.

## Solution to it is : PRE- ENGINEERED BUILDING

We have earned a distinction as a Supplier of durable, flexible, cost-effective and quick to erect Pre-Engineered Buildings.

Pre• Engineered Buildings require very little maintenance and are fire -resistant and weatherproof. A Pre -Engineered Building can accommodate mezzanine floors and partitions to break up the space into separate areas. A variety of claddings and insulation provide the right environment for client's needs and protect against the natural elements.

# SIL -FAB POWER – PRE- ENGINEERED BUILDING

## Applications of Pre Engineered Buildings:

Warehouses  
Industrial and commercial unit  
Agriculture buildings  
Aircraft hangars  
Marine buildings

## Advantages:

No welding is required at site and so it can be erected at site where electricity is not available.  
Most Effective as These sheds can be resold.  
Pre-Engineered Building can be easily dismantled and relocated at different places.  
Aesthetically superior to any other conventional sheds with low maintenance cost.  
Easy to Install and Light in weight.  
No rounded corners, inaccurate lengths or out of square.  
Excellent corrosion resistance, durability and long life.

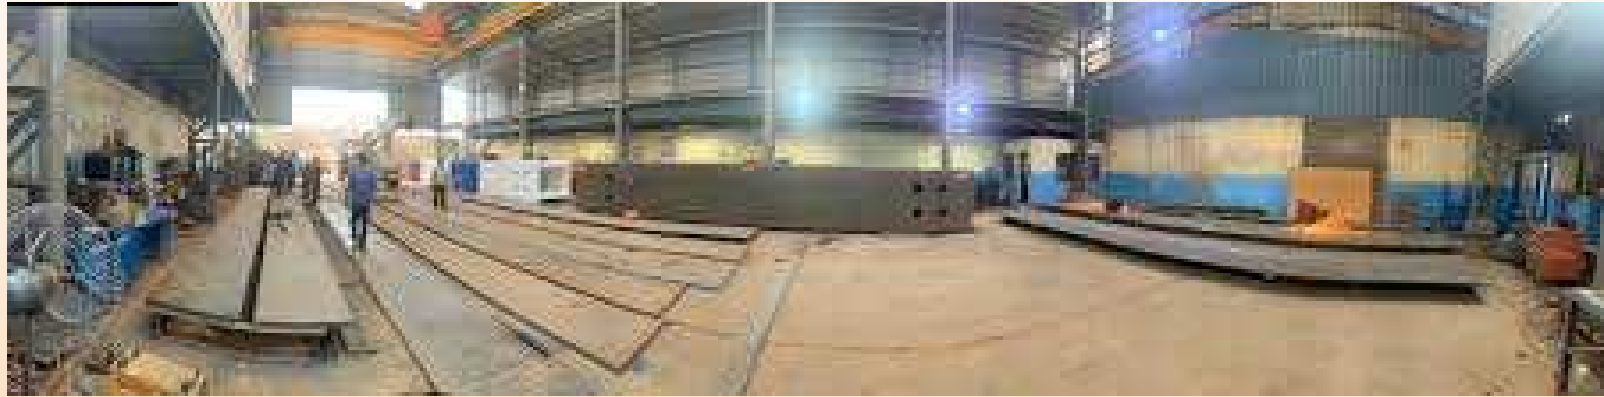

# SIL – FAB POWER

We (SAINI INDIA) are a highly acclaimed fabricator and service provide of Furniture fabrication work, Sheet metal (M.S./S.S.) work, Industrial sheds Construction work and any kind of Mechanical job work.

Our services are well known for their quality compliance as well as timely Provision.

# SAINI INDIA & TATA GROUP

## FIRST TIME IN INDIA

- Vertical load test on 1500 DIA RCC PILE  
4750 MT
- Project assisted by SAINI INDIA.

Total Contract Price Excluding Taxes	1,22,40,000.00	1,79,77,500.00
Total Taxes	22,03,200.00	32,35,950.00
Total Contract Price Including Taxes	1,44,43,200.00	2,12,13,450.00
Amount in Words:	(INR - Indian Rupee) One Crore Forty-Four Lakh Forty-Three Thousand Two Hundred Only.	(INR - Indian Rupee) Two Crore Twelve Lakh Thirteen Thousand Four Hundred Fifty Only.

For TATA PROJECTS LIMITED,  
Authorised Signatory(ies)

# OUR PROJECTS

Working 1 year in **Larsen & Toubro** Hazira as contractor, We got an opportunity to work Independently as a Contractor in Larsen & Toubro Hazira, for Fabrication of Structural And Erection, etc.

Tank Fabrication

Gladding Column Erection

Heavy Crane Girder Erection

Heavy Rolled Section Erection

Erection of Rotary Equipment

Pipeline Fabrication & Erection

Heavy Built Up Girder Fabrication

Heavy Rolled Section Fabrication For Crane Girder Walk Way.

# Successfully Project Done With L&T

- L&T ECC Ford Car factory Project ,Sanand Gujarat  
(L&T given best contractor award on ford side)
- L&T ECC Siemens Halol ,Baroda Gujarat
- L&T ECC Motera Stadium, Ahmedabad Gujarat
- L&T ECC L&T Forging, Hazira Surat Gujarat
- L&T Power ESP Complete Test facility
- L&T Special Steel and Heavy Forging Pvt. Ltd. Hazira
- L&T ECCD Grasim Industries LTD project, Bharuch

And many more vast projects are successfully done by **SAINI INDIA**.

# MANPOWER STATUS

## CATEGORY- 1 : STAFF

- 01 Site In Charge
- 02 Planning Engineers
- 03 Engineer Cum Supervisors
- 04 Execution Supervisors
- 05 Safety Marshal
- 06 Welding Forman
- 07 Rigger Forman

## CATEGORY-2 : TECHNICIANS

- 01 Fabricators
- 02 Welders
- 03 Fitters
- 04 Gas cutters
- 05 grinders

## CATEGORY-3 : LABOURS

- 01 Scaffolders
- 02 Riggers
- 03 drillers
- 04 Plasma Cutters
- 05 Helpers
- 06 Electrician

Presently above manpower is working with us at different site.

Manpower recourses are increased as per job requirement time to match with the quantum for completing the job as per time schedule.

SR.No	EQUIPMENT DETAIL	QUANTITY
1.	Crane (Hydra)	07
2.	Welding Machine	60
3.	Mig. Welding Machine	10
4.	Grinding Machines	10
5.	Drill machines	10
6.	Chain Block	14
7.	Hydraulic Jack	08
8.	Light Mast (Tower Light)	10
9.	De-watering pump	18
10.	Plate Bending Machine	01
11.	Plate Rolling Machine	01
12.	Pipe Bending Machine	01
13.	Hydraulic Press Machine	01
14.	Hydraulic Cutter	01
15.	Pipe Cutter	04
16.	Gas Cutting set	20
17.	Pug Machine	15
18.	Owen set for Welding Rod Heating	20
